

Majestic Stone & Grout Intensive Cleaner

Majestic Stone & Grout Intensive Cleaner is a concentrated, heavy-duty alkaline cleaner and restorer for the deep cleaning of heavily soiled stone and grout. It removes the dark build-up of greases and soils that are typically imbedded in stone floors and is safe for use on all polished surfaces.

For Use On: Marble, granite, concrete, ceramic tile, porcelain tile and grout. Safe for all stone surfaces. Always test a small area to check for desired outcome.

Available Sizes: Quart, gallon, case of 12 quarts, case of 4 gallons

Coverage: 2,750 sq. ft./gallon

Product Features:

- Won't etch polished stone
- Restores grout to its original color
- Removes light finishes and waxes

THOROUGHLY TESTED

Directions:

Protect all adjacent surfaces with masking film or plastic. Thoroughly wet area to be cleaned first.

1. To deep clean mix 1 part cleaner to 10 parts water. (13 oz. per gallon)
2. To remove wax and light sealers mix 1 part cleaner to 8 parts water. (16 oz. per gallon)
3. Let Stone & Grout Intensive Cleaner act on the surface for a short time. Keep surface wet.
4. You may scrub heavily soiled areas with a hard bristle brush.
5. Rinse the floor with fresh water. Use a clean mop and pick up excess water with a wet-vac or autoscrubber.
